## PROFESSIONAL SUMMARY

Product Designer and UX Engineer bridging interface design and frontend implementation across web and mobile. Rebuilt Gamersberg's trading interface and shaped its community, messaging and content experiences. Work across Figma, React, Next.js and React Native to turn user flows into cohesive interfaces and reusable components.

## TECHNICAL SKILLS

- Design** : Figma, UI/UX design, user flows, interface mockups, interaction design
- Web & Mobile** : React, Next.js, React Native, Expo, TypeScript, JavaScript
- UI & Tools** : HTML, CSS, Tailwind CSS, shadcn/ui, Framer Motion, Git, GitHub, Jotai

## EXPERIENCE

- Chief Product Officer** Jul 2025 – Present  
*Gamersberg Remote*
- Contributed product direction, UX design and hands-on UI implementation as the platform expanded into game communities, Rooms, discussions and rewards. Registered users grew from approximately 200K to 1.5M during my tenure; the Android app reached 50K+ Google Play downloads.
  - Designed and implemented web and mobile interactions for community servers and messaging, including channel navigation, reply and reaction flows, message actions, attachments and unread states.
  - Designed the CMS dashboard and reusable content templates that support game pages and connect tools, content and community destinations.
  - Collaborated with engineering to refine interaction details, test user flows and identify backend dependencies for search, content history and read state.
- Product Designer & UI Engineer** Mar 2025 – Jul 2025  
*Gamersberg Remote*
- Redesigned and rebuilt the trading platform's outdated interface from the ground up, creating reusable UI components and a cohesive experience across key screens.
  - Helped establish the mobile app's initial interface, adapting redesigned web flows and interactions for smaller screens.
- Associate UI/UX Designer** Aug 2024 – Mar 2025  
*Benepik Technologies Gurugram*
- Redesigned legacy product screens and worked with developers on responsive components and application data integration.
  - Designed a spin-wheel interaction for a Hero FinCorp festive employee bonus event.
- UI/UX Graphic Designer Intern** Feb 2024 – Apr 2024  
*Jai Kisan Bengaluru*
- Created interface mockups and visual assets for fintech products while maintaining brand consistency.

## EDUCATION

- Christ University** Bengaluru  
*Bachelor of Computer Applications (BCA)* 2021 – 2024
